## "Millions Now Living Will Never Die"

JUDGE RUTHERFORD

There is special significance in the troublous days through which the world has passed since 1914.

Out of these events will come greater developments, involving all nations and peoples.

The Bible accurately foretold present conditions.

Its prophecies regarding the future will be fulfilled with equal exactness.

The outstanding hope held forth in the Scriptures is the hope of eternal life, and the realization of this hope is now at hand.

It will be accompanied by all that the heart has longed for—health, peace, and happiness.

God's purpose in giving man a revelation of His Plan was that mankind should use it, understand it, and appreciate the principles it sets forth.

An understanding of the Bible broadens one's view and inspires cheerfulness and optimism. Prophets of old have described with glowing tongue the glories of the bright day that is now dawning.

Hear the subject discussed at length.

Town Hall, Morrisville  
Sunday, June 25, 3 p. m.

This lecture has comforted multitudes bereaved by the World War, epidemics, and attending sorrows. So great has been the demand that it has been amplified and published in book form, including 500 Scriptural proof texts. Those unable to hear the lecture may have a copy by sending 25 cents to I. B.
